V. Committee Reports:

Textbook Advisory- John Willems, TRS is creating a Taskforce on Electronic and Online Learning Materials. This taskforce will study the future direction by which information is accessed and utilized in support of teaching and learning. The Taskforce will be composed of one representative each appointed by Faculty Senate, the Council on Graduate Studies, the Council on Teacher Education, and the Council on Academic Affairs as well as one representative from each academic college appointed by the academic deans.

Library Advisory- Newton Key, accepting nominations for the 2012 Student Research Awards, deadline is March 19. M. Slough gave presentation on journals and periodicals, many more going online and subsequently increasing library’s offerings of journal titles. Acquisition budget has not increased since 2005 and looking to reverse that trend.

Academic Technology (ATAC)- Newton Key reported that the RFP’s for the new learning management system have gone out. Difficult to maintain transparency of the process due to procurement rules and regs. Vendors will be here early next semester to demo their products. The ITAC (information technology advisory committee) has been launched but has no faculty members yet.

Enrollment Management- Dean Augustine, fall enrollment still down but diversity is up and Continuing Ed is up. Consulting firm Noel-Levitz is here and the conversations are focused on recruiting. Grad app numbers are up for the spring in degree seeking but still down in non-degree

Honorary Degree- John Willems reported in Andy McNitt’s absence- nominations due the end of January

GSAC- Bill Elliott, Carrie Dale- students successfully conducted a book drive for the One Stop Community Christmas program in partnership with the Salvation Army. They also participated in the EIU Health Fair and made many contacts with prospective graduate students

Council on Assessment of Student Learning- Nora Pat Small- subcommittees formed and will work in the spring on how to assess global citizenship and critical thinking

Enrollment Quality and Diversity Board- Assege HaileMariam, see Dean’s report

Team Grants Council- Wesley Allan, haven’t met

VII. Other Items
Chair John Willems reported on a communication from the faculty senate on the Final Report of the Committee to Study Shared Governance at EIU and President Perry’s Action on the Final Report. Since four recommendations (1. Universal meeting time; 2. University Council; 3. Delegate system; and, 4. Reconfigure Faculty Senate) directly impact shared governance at EIU (including Faculty Senate, CAA, CGS and COTE), Faculty Senate has invited members of CGS to be part of the discussion. Since Faculty Senate meets at the same time as CGS (January 17), council requested that Dean Augustine ask a former CGS chair to attend the Faculty Senate meeting and represent the CGS.
VIII. Dean’s Report:

Dean Augustine reported that the Graduate School won the prestigious national CGS/ETS Award for Innovation in Promoting Success in Graduate Education, which comes with a $20,000 grant. He was presented the award at the Council of Graduate Schools annual conference December 8. The Graduate School also won the Midwest Association of Graduate Schools earlier this fall for innovation for the First Choice Program, it came with a $2500 grant.

The meeting adjourned at 3:40 p.m. –Minutes prepared by Lori Henderson, Staff
