University Personnel Committee: The main responsibility of the UPC member is to evaluate teaching performance, research/creative accomplishments and service contributions of faculty (generally in a discipline other than his/her own) for the purpose of retention, promotion, and tenure, and to justify these decisions in a written form to the faculty. The decisions are made solely on the basis of documents provided by the faculty (i.e. student and peer evaluations and abstracts) without the benefit of observing faculty teaching ability or research potential. Please respond briefly and concisely to the following two-part question: 1. In your opinion, what characterizes a competent teacher and a competent researcher? 2. What sort of indications would you look for in faculty portfolios to establish this?
