

FACULTY SENATE ELECTION
March 30th – March 31st

Dr. VanGunten,

We have completed the compilation of the Faculty Senate Election data for March, 2010. The election consisted of 497 registered voters of which 168 voters placed a vote. The March, 2010 Faculty Senate Election yielded a 34% voter turnout and ran from 8:30 a.m. March 30th until 4:30 p.m. March 31st. Each electoral group had voting activity which yielded clear elected members for every position.

My team is proud to have assisted in the restructuring of the Faculty Senate Elections process, and looks forward to continued collaboration with you to meet your changing needs. Please do not hesitate to contact me if you have any questions or concerns.

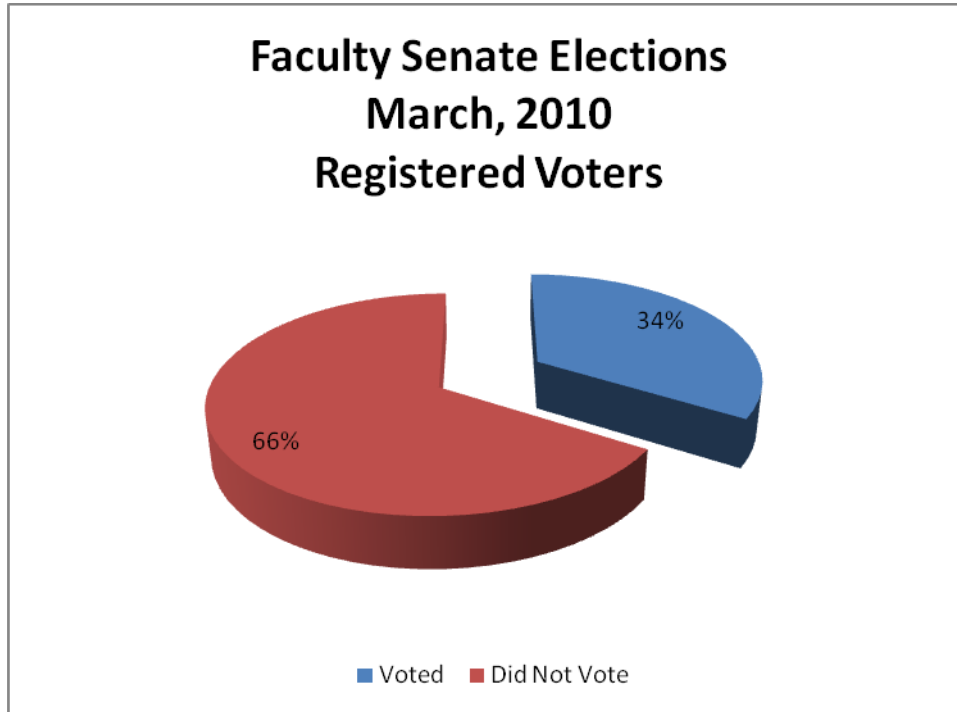

Once again, I would like to personally thank you for your help during this process.

Frank Kingery

Voter Comments:

- Link to candidate responses to q2 directed user to candidate responses to q1.
- With only one candidate in most positions, it was hardly worth my time to vote.
- Nice work!
- Very user friendly - excellent job.
- Thanks for making the process clear and to the point!
- Great way to have the ballot! Very user-friendly
- Nice to be able to do this online
- A single menu, rather than multiple menus, is preferable.
- In the voting for multiple candidates, you might want to elaborate on the instructions to indicate that respondents can vote for UP TO ____ candidates. For example, with candidates for Faculty Senate, my understanding is that we can vote for up to five candidates; that is we are not required to vote for five candidates. Thanks for your work on behalf of the EIU faculty!
- Nice work CATS and Dawn!
- Easy process; it's great to be able to vote online.
- I like the option to view candidate information during the voting process. Very helpful!
- I was cut short before finishing. The process is thus not fair
