Women's Studies:

{NO COURSE EQUIVALENTS AVAILABLE}

This section tells you that this is a reference articulation looking only at the courses the student took or could take at IECC. (The student's oldest transfer course is from Fall 2005.)

This excerpt shows how courses the student has taken at IECC apply to an EIU requirement.

This is the most unique aspect of this type of audit: It tells the student what transfer courses she could take at IECC (ANT 2101 or ANT 2102) to complete EIU requirements.

This tells the student that IECC offers no courses equivalent to our Women's Studies course.
