General Mission

The Honors College is a center for academic excellence and leadership within the University. The Honors College encourages academically talented students to develop to their full potential through completion of suitable coursework in small classes taught by excellent faculty. Dedicated to nurturing students intellectually so they are equipped upon graduation to pursue their interests, the Honors College also encourages undergraduate research and creative activity, community service opportunities, study abroad experiences, and professional internships. This provision of an integrated academic experience contributes to Eastern Illinois University's acclaim as a university accomplished in teaching and research and focused on its graduates' success.

Programs

The Honors College offers academically talented students the opportunity to participate in seven distinct yet complementary programs: University Honors; EIU General honors; Departmental Honors; the Presidential Scholars Program; Undergraduate Research, Scholarship, and Creative Activities; National Student Exchange; and national scholarships competition. Though all programs are housed in the Honors College, the last three are open to members of the general student body.

University Honors

The University Honors Program offers students unique interdisciplinary Honors seminars; enriched and rigorous versions of General Education courses, while encouraging students to also participate in departmental honors. A limited number of courses outside general education are also provided. University Honors course sections are typically smaller and taught in a colloquium format by professors distinguished in their fields. Completing University Honors prepares students to compete at the highest levels for career opportunities and graduate school placements. University Honors students earn a minimum of 28 hours of Honors credit. Required courses include an Honors freshman seminar and an Honors Senior Seminar both of which count for general education credit. A grade of C or better is required in all Honors coursework.

Required Courses are listed below.

- Honors Freshman Seminar (3 cr.)
- Honors Senior Seminar (4 cr.)
- 21 cr. of other University Honors Courses

Up to 12 hours towards University Honors can be satisfied by other means. Up to 12 hours of Departmental Honors courses (see below) can count toward University Honors. Up to 6 hours may be waived (with the permission of the Dean) for students who complete reflective projects related to study abroad, internships etc. However, no more than 12 hours in total can be completed this way.

EIU General Honors

Students who begin their education at EIU with at least 30 hours of college credit already earned may apply for entry to the EIU General Honors program. The EIU General Honors program consists of a minimum of 15 hours of any kind of Honors course (departmental Honors, general education Honors, or seminars). Up to 6 hours of the 15 hour requirement may be satisfied on a one-to-one credit hour basis by evidence that the students has completed Honors courses at another post-secondary institution. The EIU General Honors program may include departmental Honors if this is desired.

National Scholarships

The National Scholarships Program at Eastern Illinois University actively supports students whose exceptional academic performance, extensive service history, significant leadership experience, and focused graduate school and career aspirations distinguish them from their peers. The Honors College provides mentorship to students interested in pursuing several major awards, among them the Barry M. Goldwater Scholarship, the Fulbright U.S. Student Program, and the Marshall Scholarships. Through mentorship, the Honors College affords students the opportunity to grow their self-awareness, general field awareness, and specialty awareness while gaining advanced practical experience in self-promotion through written and oral communication. For additional information about the National Scholarships Program, including eligibility requirements for various awards, current students and recent EIU alumni should contact the Honors College Academic Advisor.

National Student Exchange

The National Student Exchange (NSE) is a program for undergraduate exchange within the United States and Canada. Instead of crossing oceans, NSE students cross state, regional, provincial, and cultural borders. The changes seen in attitudes, understanding of other people in other settings, maturity, risk-taking, and decision-making are similar to the experiences of students who study outside of North America. The application process includes at least the following minimum eligibility criteria established by NSE: full-time enrollment, cumulative 2.5 GPA, and good standing (academic, personal, and financial). All EIU students meeting these criteria are eligible to apply.
