General Mission

The mission of the Lumpkin College of Business and Applied Sciences is to create an academic environment based on intellectual inquiry that facilitates for stakeholders the development of personal, professional, and technical characteristics that have economic and social value.

Bachelor's degrees are earned through a variety of programs. Business majors include Accountancy, Business Administration, Finance, Management, Management Information Systems, and Marketing. The Applied Sciences include programs in Family and Consumer Sciences, Technology, and Military Science. The Family and Consumer Sciences major provides options in Dietetics; Apparel & Textiles, Financial Literacy, Hospitality, and Merchandising; and Family Services. The Applied Engineering and Technology major has several focus areas. Students may also choose a major in Organizational Development or Career and Technical Education with emphasis in Business Education, Family and Consumer Sciences Education, or Technology Education.

In addition, students from other majors can pursue minors in Applied Engineering & Technology, Business Administration, Business Analytics, Entrepreneurship, Family and Consumer Sciences, Financial Literacy, Human Resource Management, Management Information Systems, Marketing, Operations and Supply Chain Management, Organizational Leadership, and Talent Development.

Military Science offers academic minors in two- and four-year programs leading to commissions as officers in the United States Army. Students in the Military Science/Reserve Officers Training Corps (ROTC) can pursue any major recognized by the University.

Graduate programs include Master of Business Administration, Master of Science in Family and Consumer Sciences, Master of Science in Nutrition and Dietetics, Master of Science in Sustainable Energy, School of Technology Graduate Certificate Program, Master of Science in Technology, Master of Science in Cybersecurity, and Master of Arts in Aging Studies, a multi-disciplinary program administered in the College. (See the [Graduate Catalog](#) for further information on graduate programs.)

School Of Business Academic Programs

All business majors complete a curriculum composed of four components: general education course work, the business core curriculum, a critical thinking and quantitative reasoning course, and the major curriculum. The requirements of each of these curricula are described below. (These curriculum requirements are modified for students enrolled in the B.S.B. in Business Administration at Parkland College and online. See the program description in this catalog.)

General Education Curriculum

EIU requires all undergraduate students to complete the general education curriculum, which is described in Section VI of this catalog. Students who have not completed the foreign language requirement in high school further are required to complete two foreign language courses. To develop background knowledge for the study of business, business majors also must complete the following general education courses:

- MAT 2120G Finite Mathematics
- ECN 2801G Principles of Macroeconomics
- ECN 2802G Principles of Microeconomics

Business students are encouraged to complete the general education curriculum as early as possible.

Critical Thinking and Quantitative Reasoning

To develop critical thinking and quantitative reasoning skills for business, business majors must complete one of the following with a grade of "C" or better:

- CMN 2040 Argumentation and Critical Thinking
- ECN 3450 Game Theory
- GEO 3810 Introduction to Geographic Information Systems
- MAT 2110G Brief Calculus with Applications
- MIS 3505 Advanced Microcomputer Applications and Development
- OSC 3800 Spreadsheet Modeling and Analysis for Management Decision Making
- OSC 4820 Business Analytics and Data Mining
- PHI 1900G Logical and Critical Reasoning
- PHI 1990G Logical and Critical Reasoning (Honors)

Business Core Curriculum

The business core curriculum is designed to help students develop the foundation knowledge and skills common to all areas of business. Completion of the following courses is required to fulfill the business core curriculum:

- BUS 1000 Introductory Business Seminar
- BUS 1950 Computer Concepts and Applications for Business
- BUS 2101 Financial Accounting
- BUS 2102 Managerial Accounting
- BUS 2750 Legal and Social Environment of Business
- BUS 2810 Business Statistics
- BUS 3010 Management and Organizational Behavior
- BUS 3200 International Business
- BUS 3470 Principles of Marketing
- BUS 3500 Management Information Systems
- BUS 3710 Business Financial Management
- BUS 3950 Operations Management
- BUS 4360 Strategy and Policy

Major Curricula

Each of the business majors includes additional upper division course work that provides the opportunity for more in-depth study of a specific business discipline and for further development of students' business skills. See the individual business major for a description of the courses required for that major.

School of Business General Policies

1. Students pursuing a degree other than the B.S. in Business cannot count more than 30 semester hours of business subjects toward fulfillment of their bachelor's degree requirements. These include courses with a prefix of BUS, ACC, FIN, MAR, MGT, MIS, OSC, and ENT.
2. To qualify for the B.S. in Business degree from EIU, students must take at least 50% of their business credit hours at EIU.
3. Students may receive a grade in an upper division business course a maximum of three times. After a grade has been received in an upper division class at EIU, the School of Business will not accept subsequent transfer of an equivalent course from another school unless the School of Business has given prior written approval to enroll in the specific course at the specific university, which must be AACSB-International accredited.
4. Students desiring double majors in the School of Business must complete the major course requirements for both majors with a combined minimum of 42 semester hours exclusive of courses in the business core.

Accounting (B.S.B)

Total Semester Hours Required for the Degree: 120 semester hours

Major

A dynamic, rewarding, and highly respected profession, accountancy operates at the heart of business decision-making and financial information services. In addition to providing services in the traditional areas of preparation and analysis of financial statements, auditing, and tax planning and compliance, accountants serve as valuable members of management teams, as highly respected consultants to top management, and as trusted advisers to professionals, business owners, and government leaders. For a person who wants to have a successful career in business, a degree in accounting is an excellent choice.

Accounting Program's Mission Statement

The primary mission of the EIU Accountancy Program is to build a better future for our students, transforming their lives through excellence in relationship-driven instruction of accounting principles and practices needed for entry into and success in the accounting profession.

Our secondary purposes are to advance accounting knowledge through academic inquiry and research and to perform service activities to benefit the School of Business, the College of Business and Applied Sciences, the University, the accounting profession, and the community.

Program Policies

Continuation Requirement: A student majoring in accounting must maintain a cumulative EIU GPA of 2.50 or higher in order to enroll in senior-level (4000-level) accounting courses.

Important Notice: Candidates who wish to sit for the Certified Public Accountant (CPA) Examination in Illinois are required to have earned 150 hours of college credit, including an undergraduate degree. Of the 150 hours, at least 24 hours must be in accounting. Courses that are in progress cannot be counted to meet the 150-hour requirement.

Course Requirements

The BSB in Accounting comprises:

1. 43 semester hours in general education
2. 38 semester hours in the business core
3. 27 semester hours in major courses
4. 12 semester hours in electives.

Management Information Systems (B.S.B.)

Total Semester Hours Required for the Degree: 120 semester hours

Major

The Management Information Systems (MIS) major prepares students to design, develop, and manage information systems within organizations. MIS majors develop a foundation of business knowledge and skills that is complemented by more in-depth study of information technology. All MIS majors complete a core of courses that provide a foundation in programming constructs, information systems theory, networking, systems analysis, database, web and ERP systems and also select electives for more specialized study.

The BSB in Management Information Systems comprises:

1. 43 semester hours in general education;
2. 38 semester hours in the business core;
3. 27 semester hours in major courses and
4. 12 semester hours in electives.

Major Courses

MIS majors complete the following MIS core:

- MIS 2000 - Introduction to Business Logic and Programming Skills. Credits: 3
- MIS 3200 - Networking Fundamentals. Credits: 3
- MIS 3530 - Business Web Site Design. Credits: 3
- OSC 3430 - Enterprise Resource Planning Systems. Credits: 3
- MIS 4200 - Systems and Database Analysis, Design, and Development. Credits: 3

Plus four courses (12 credits) selected from MIS Major Electives.

At least three of the courses (9 credits) must have the MIS prefix. A maximum of three credits total from MIS 3970 and MIS 4275 may be applied as an MIS major elective.

MIS Major Electives

- MIS 3300 - Business Programming in COBOL. Credits: 3
- MIS 3330 - Java Programming. Credits: 3
- MIS 3505 - Advanced Microcomputer Applications and Development. Credits: 3
- MIS 3970 - Study Abroad. Credits: 1 to 15
- MIS 4275 - Internship in Management Information Systems. Credits: 1 to 15

Business Honors Program

Business Honors Program Admission Requirements

Students who meet the following criteria will be admitted to the Business Honors Program:

- Completion of at least 12 semester hours of coursework at EIU with a cumulative GPA of 3.5 or higher;
- Business major GPA of 3.5 or higher; and
- Permission of the Dean of the Honors College and the Business Honors Coordinator.

Provisional Admission. Transfer students who have not completed 12 semester hours of credit at EIU but who meet the following criteria will be granted provisional admission to the Business Honors program:

- Cumulative GPA of 3.5 or higher for coursework undertaken at the transfer institution; and
- Permission of the Dean of the Honors College and the Business Honors Coordinator.

After completing 12 semester hours of credit at EIU, students provisionally admitted will be granted admission to Business Honors if they meet the Business Honors continuation requirements, below.

Business Honors Program Continuation Requirements

Students in the Business Honors Program must maintain a cumulative GPA of 3.5 or higher for all course work undertaken at EIU and a business major GPA of 3.5 or higher. Students who fail to maintain both a cumulative and major GPA of 3.5 will be dismissed from the program. Students dismissed from the program will be readmitted one time if they:

- Raise their cumulative and major GPA to at least 3.5 and
- File a petition seeking readmission with the Business Honors Coordinator.

Students who have been dismissed from the program more than one time are not eligible for readmission.

Business Honors Requirements

Students in the Business Honors Program must complete 12 semester hours of coursework by fulfilling the following requirements:

- Completion of BUS 4555 Honors Research (or, if approved by the Business Honors Coordinator, completion of BUS 4444 Honors Independent Study);
- Completion of BUS 4644 Business Honors Thesis; and
- Completion of two of the following:
 - Business internship approved by the Business Honors Coordinator;
 - Study Abroad approved by the Business Honors Coordinator;
 - Honors course approved by the Business Honors Coordinator;
 - Graduate level business course approved by the Business Honors Coordinator.

School of Family and Consumer Sciences

All Family and Consumer Sciences majors complete a curriculum composed of courses in general education, family and consumer sciences core, and a selected program option (Dietetics; Apparel and Textiles, Financial Literacy, Hospitality, and Merchandising Option; or Family Services). The program is designed to prepare students for a variety of public and private organizations related to dietetics, financial literacy, family services, hospitality management, textiles and apparel, and merchandising.

I. Criteria for Admission to the School of Family and Consumer Science Major:

1. Completion of 15 semester hours of course work taken at EIU or at another institution of higher education.
2. Minimum of 2.0 cumulative grade point average.

II. School of Family and Consumer Sciences Degree Requirement

To meet the requirements for a degree in the School of Family and Consumer Sciences, students must earn a minimum grade of "C" in each of the following courses:

- FCS 2500 - Foundational Focus of Family and Consumer Sciences. Credits: 3
- FCS 3500 - Orientation to Family and Consumer Sciences Internship. Credits: 3

Programs and Policies

The School of Family and Consumer Sciences academic programs are accredited by the American Association of Family and Consumer Sciences and the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics. The National Council on Family Relations recognizes the Family Services option as an undergraduate degree program with course work that includes content covering ten family life education content areas required for approval of graduates as provisionally Certified Family Life Educators (CFLE).

Mission Statement

The mission of the School of Family and Consumer Sciences is to prepare students to empower individuals, strengthen families, and enable communities within the global environment through an integrated focus on individual and family development, nutrition and dietetics, financial literacy, merchandising, apparel and textile design, and hospitality management. The educational purpose is enhanced by high impact integrative learning experiences.

Family and Consumer Sciences Majors and Minors

The School of Family and Consumer Sciences offers the Bachelor of Science in Family and Consumer Sciences degree with options and concentrations in the following areas:

- Dietetics Option
- Family and Consumer Sciences in Apparel and Textiles, Financial Literacy, Hospitality, and Merchandising Option
 - Apparel and Textile Concentration (includes a minor in Print and Textile Design Technologies)
 - Financial Literacy Concentration (includes a minor in Financial Literacy)
 - Hospitality Management Concentration (includes a minor in Business Administration)
 - Merchandising Concentration (includes a minor in Business Administration)
- Family Services Option

The School of Family and Consumer Sciences also offers a minor in Family and Consumer Sciences.

The School of Family and Consumer Sciences participates in the Interdisciplinary Minor in Print and Textile Design Technologies which provides students with a program of study designed to provide a knowledge base in the demanding area of digital printing technology as applied to finished products. Critical examination of design and technical skills needed to compete in multi-faceted printing markets and textile design are key components. See the **Interdisciplinary Minor in Print and Textile Design Technologies** for minor requirements.

The School of Family and Consumer Sciences participates in the Interdisciplinary Minor in Financial Literacy that offers an interdisciplinary course of study focusing on family financial management and economic and well-being of individuals and families. The minor allows students to enhance their careers by providing additional certifications related to financial resource management. See the Interdisciplinary Minor in Financial Literacy for minor requirements.

Transfer Students

New transfer students who meet the above admission criteria should indicate on the application for admission to the University that they intend to major in the Family and Consumer Sciences program. No special application to the School of Family and Consumer Sciences is required. Grades received from other schools will be used in calculating the GPA for entrance into the School of Family and Consumer Sciences.

Family and Consumer Sciences Honors Program

To be admitted to the Departmental Honors Program, students must have at least a 3.50 GPA on a 4.0 point scale, and permission of the Dean of the Honors College and the Departmental Honors Coordinator.

Students in the Family and Consumer Sciences Honors Program must maintain an overall GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their grade-point average to 3.50 and submit their petition to the Dean of the Honors College and Departmental Honors Coordinator.

Procedures:

Student petitions must be submitted to the School of Family and Consumer Sciences' Honors coordinator who will in turn submit the request to faculty in the appropriate subject matter area. Requirements within the student's subject matter option and the School of Family and Consumer Sciences' core curriculum will have to be addressed and satisfied before approval is recommended. The recommended petition will then require the signature of the School of Family and Consumer Sciences Chair for final approval.

Total Hours: 18

Complete the following 6 semester hours:

- FCS 1800 - Lifespan Human Development. Credits: 3
- FCS 2500 - Foundational Focus of Family and Consumer Sciences. Credits: 3

AND

Complete 12 semester hours of electives in Family and Consumer Sciences of which at least 9 hours must be courses numbered 3000 or above, selected in consultation with a Family and Consumer Sciences advisor. Any combination of FCS 4230 and 4235 limited to 2 semester hrs. maximum.

School of Technology

Programs and Policies

The B.S. degree in Applied Engineering and Technology is accredited by the Association of Technology, Management, and Applied Engineering, and the Career and Technical Education programs are accredited by the Council for the Accreditation of Educator Preparation.

Vision Statement

The School of Technology is, and will continue to be, recognized as a premier provider of quality programs and services that enhance the capacity of professionals and organizations to integrate people and technology for optimum work performance and learning. Applied research, exemplary teaching and partnerships are the hallmarks of mutually enriching activities that foster scholarship for students and faculty and economic development for the region.

Majors and Minors

The School of Technology offers the Bachelor of Science degree with majors, areas of study, emphases, and concentrations in the following areas:

Applied Engineering and Technology Major:

- Computers and Telecommunications Area of Study
- Construction Area of Study
- Design and Production Area of Study
- Digital Media Technologies Area of Study
- Sustainable Energy Area of Study
- Specially Designed Area of Study

Career and Technical Education Major:

- Business Education Emphasis
- Family & Consumer Sciences Education Emphasis
- Technology Education Emphasis (concentrations available in Construction, Automation & Control, Graphic Communication, and Manufacturing.)

Organizational Development Major

The School of Technology offers the following minors:

- Minor in Applied Engineering & Technology
- Minor in Media Technology
- Minor Organizational Leadership
- Minor in Talent Development

Applied Engineering and Technology (B.S.)

Total Semester Hours Required for Degree: 120 semester hours

The Applied Engineering and Technology program provides a broad education that emphasizes the study of materials, processes, and management. The program is designed to prepare technical or technical management-oriented professionals for employment in business, industry, and government. Individuals interested in working with people, materials, and processes will find Applied Engineering Technology provides an excellent foundation for a challenging career.

Additionally, the Applied Engineering and Technology program offers the opportunity to select a Focus Area of Study, comprised of technical courses within that chosen area.

Summary of Applied Engineering & Technology Program Requirements

4 courses in Introduction to Technological Studies	12 hrs
9 courses in the Focus Area of Study	27 hrs
5 courses in Professional Development	16 hrs
1 course in Economics	3 hrs
2 courses in Mathematics/Statistics	6 - 9 hrs
3 - 4 courses in Physical Sciences	8 hrs
<u>Total Major Hours</u>	<u>72 - 75 hrs</u>

Introduction to Technological Studies (12 hrs)

- AET 1263 - Materials Technology. Credits: 3
- AET 1323 - Computers for Applied Engineering and Technology. Credits: 3
- AET 1413 - Technological Systems. Credits: 3
- AET 1363 - Introduction to Graphics Technology. Credits: 3
OR
- AET 2043 - Computer-Aided Engineering Drawing. Credits: 3

Focus Area of Study (27 hrs)

Students must select 27 hours from AET course work in accordance with the individual's field of interest. Students can select courses from a single established Focus Area, like Computers and Telecommunications, Construction, Design and Production, Digital Media, or Sustainable Energy, or design a specialized Focus Area to meet their individual career objectives. In addition, general education and/or courses used to fulfill technological studies and professional development requirements cannot be used to fulfill this requirement. Courses from outside the major or transfer courses that support technical management may be considered upon departmental approval, to meet the 27 hours required.

Professional Development (16 hrs)

- AET 3414 - Selection and Management of Applied Engineering Projects. Credits: 4
- AET 4773 - Safety for Engineering and Technology Professionals. Credits: 3
- AET 4843 - Statistical Quality Assurance. Credits: 3
- AET 4943 - Manufacturing Management. Credits: 3
- OPD 4835 - Supervision in Organizations. Credits: 3

Applied Engineering and Technology Honors Program

Applied Engineering and Technology majors with a cumulative and a major GPA of 3.50 or above, on a 4.00 scale, will be eligible for the Applied Engineering and Technology Departmental Honors Program. Twelve semester hours in Applied Engineering and Technology Honors courses will replace nine semester hours of program requirements, and three hours of general electives. Two to three hours of Honors Thesis will be required.

Departmental Honors Requirements

In addition to completion of all BS degree requirements in Applied Engineering and Technology, the student must complete at least 12 hours in the following courses:

- Elective Courses (5000 through 5499). Credits: 3
(See footnote 3)
- AET 4444 - Honors Independent Study. Credits: 1 to 4
(See footnote 1)
- AET 4555 - Honors Research. Credits: 3
(See footnote 2)
- AET 4644 - Honors Thesis. Credits: 2 to 3

Footnotes:

¹ Up to four hours of Honors Independent Study may be counted toward the 15 hours of required course work in a technical concentration.

² Honors Research credits may be counted toward the nine hours of required Applied Engineering and Technology electives.

³ May be counted toward technical concentration or required electives in Applied Engineering and Technology with the approval of Departmental Honors Coordinator and the Graduate School.

Career & Technical Education (B.S.)

Total Semester Hours Required for Degree: 120-124 hours depending on Emphasis (see below)

Career and Technical Education prepares students to teach high school business, family and consumer sciences, or technology. For students also wanting to be eligible to teach in a middle school, additional Middle Level Education courses are required.

The **business education emphasis** requires 41 hours of general education, 42 hours of professional education, and 33 hours of content. The **family and consumer sciences education emphasis** requires 40 hours of general education, 39 hours of professional education, and 45 hours of content. The **technology education emphasis** requires 40 hours of general education, 39 hours of professional education, and 33 hours of content.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University Approval to take Teacher Education Courses no later than the end of their first semester of their junior year in order to use this suggested plan. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education & Professional Studies website at www.eiu.edu/ceps/teached.

All students must pass the Illinois Licensure Test of Academic Proficiency (TAP). Students can substitute ACT plus Writing or SAT scores for the TAP if they meet the minimum scores set by the Illinois State Board of Education. These scores can be found at <http://www.eiu.edu/ceps/teached> or by contacting the CEPS Dean's Office. Students should complete this requirement no later than their sophomore year.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor courses, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Students must complete the professional education coursework following the Regular Secondary Education Professional Education Course Sequence (RSEP). Information is available in the Teacher Licensure Program section of this catalog.

Computer & Information Technology (B.S.) - General Requirements

The following describes the general requirements for the Bachelor of Science in Computer and Information Technology. Those requirements were designed to meet the educational standards of the university or related professional organization.

1. Credit Hour Requirement and Distribution:

Students must meet the following credit hour requirements to receive a Bachelor of Science in Computer and Information Technology (CIT) degree:

<u>Degree Requirement</u>	<u>Credit Hour</u>
General Education	33 hours*
Mathematics	6-7 hours
Physical Sciences	8 hours
Technical	36 hours
Management	16 hours
Electives	21 hours
<u>Total</u>	<u>120-121 hours</u>

2. General Education (33 hours*):

*In addition to the required mathematics and physical science courses, 33 hours of general education courses are required by the university to prepare students to become well-rounded professionals.

3. Mathematics: (6-7 hours):

- MAT 2120G - Finite Mathematics. Credits: 3
Prerequisites & Notes: MAT 1271 with "C" or better, or satisfactory placement by department guidelines.
- BUS 2810 - Business Statistics I. Credits: 3
Prerequisites & Notes: Sophomore standing.
OR
- MAT 2250G - Elementary Statistics. Credits: 4
Prerequisites & Notes: MAT 1271; or satisfactory placement by department guidelines.

4. Physical Sciences (8 hours):

- PHY 1151G - Principles of Physics I. Credits: 3
- PHY 1152G - Principles of Physics I Laboratory. Credits: 1
- PHY 1161 - Principles of Physics II. Credits: 3
- PHY 1162 - Principles of Physics II Laboratory. Credits: 1

5. Required Technical Courses (36 hours):

Required technical and management courses as well as elective courses can be found in the following section.

Computer & Information Technology (B.S.)

General Requirements:

See the "Computer & Information Technology General Requirements" section of the catalog.

Required Technical Courses (36 hours):

- AET 1323 - Computers for Applied Engineering and Technology. Credits: 3
or
- BUS 1950 - Computer Concepts and Applications for Business. Credits: 3
(See footnote *)
- AET 3163 - Computer Programming in Technology. Credits: 3
(C++)
or
- MIS 2000 - Introduction to Business Logic and Programming Skills. Credits: 3
(See footnote *)
- CIT 4803 - Operating Systems for Computer Technology. Credits: 3
- AET 2324 - Electronic Control Systems. Credits: 3
- CIT 2523 - Data Communication Technology I. Credits: 3
or
- MIS 3200 - Networking Fundamentals. Credits: 3
(See footnote *)
- AET 4163 - Computer Database in Technology. Credits: 3
or
- MIS 4200 - Systems and Database Analysis, Design, and Development. Credits: 3
(See footnote *)
- AET 4813 - Advanced Cross Media Technologies. Credits: 3
- CIT 4813 - Front End and Mobile Website Development Credits: 3
or
- MIS 3530 - Business Web Site Design. Credits: 3
(See footnote *)
- CIT 4823 - Big Data and Cloud Computing. Credits: 3
or
- OSC 4820 - Business Analytics and Data Mining. Credits: 3
(See footnote *)
- CIT 4833 - Cybersecurity Intrusion Detection and Prevention Systems. Credits: 3
or
- MIS 4850 - Systems Security. Credits: 3
(See footnote *)
or
- MIS 4860 - Ethical Hacking and Network Defense. Credits: 3
(See footnote *)

Three (3) hours from:

- AET 3073 - Programmable Logic Controllers. Credits: 3
or
- AET 3103 - Robots and Control Systems. Credits: 3
or
- AET 3203 - Computer Numerical Control Programming. Credits: 3

Capstone (3 hours):

- CIT 4749 - Capstone Project in Computer Information Technology. Credits: 3

Required Management Courses (16 hours):

- ECN 2800G - Economics of Social Issues. Credits: 3
or
- ECN 2801G - Principles of Macroeconomics. Credits: 3
- AET 3414 - Selection and Management of Applied Engineering Projects. Credits: 4

Three (3) hours from:

- OPD 4835 - Supervision in Organizations. Credits: 3
or
- OPD 4820 - Change Strategies in Organizations. Credits: 3
or
- BUS 3500 - Management Information Systems. Credits: 3
(See footnote *)

And Six (6) hours from:

- OPD 4825 - Ethical Behavior in Organizations. Credits: 3
- OPD 4865 - Diversity in Organizations. Credits: 3
- OPD 4870 - Coaching and Mentoring for Critical Thinking in the Workplace. Credits: 3
- OPD 4880 - Productive Work Teams. Credits: 3

Electives From the Following List (21 hours):

- AET 1363 - Introduction to Graphics Technology. Credits: 3
- AET 2123 - Introduction to Digital Photography. Credits: 3
- AET 3103 - Robots and Control Systems. Credits: 3
- AET 3203 - Computer Numerical Control Programming. Credits: 3
- AET 3343 - Cross Media Technologies. Credits: 3
- AET 4123 - Advanced Digital Photography. Credits: 3
- AET 4353 - Multimedia Production Management. Credits: 3
- AET 4865 - e-Books and e-Publishing Technologies. Credits: 3
- AET 4863 - Packaging Design Technologies. Credits: 3
- AET 4953 - Color Management Technologies. Credits: 3
- AET 4333 - Trends in Digital Media Technology. Credits: 3
- AET 3063 - 3-D Modeling. Credits: 3
- AET 4970 - Special Topics in Technology. Credits: 1 to 4
- AET 3920 - Independent Study. Credits: 1 to 5
- AET 4275 - Industrial Internship. Credits: 1 to 10
- CIT 3153 - Data Communication Technology II. Credits: 3
- CIT 3303 - Introduction to Gaming, Animation, and Simulation. Credits: 3
- CIT 3313 - 3D Modeling for Gaming, Animation, and Simulation. Credits: 3
- CIT 4753 - Emerging Video Technologies. Credits: 3
- MIS 3330 - Java Programming. Credits: 3
(May only be counted for students completing the MIS minor)
- MIS 4530 - Web & Mobile Application Development. Credits: 3
(May only be counted for students completing the MIS minor)

Footnote:

*Students completing the Management Information Systems minor should take marked courses.

Organizational Development (B.S.)

Total Semester Hours Required for Degree: 120 semester hours

The Organizational Development Program offers a Bachelor of Science degree with a major in Organizational Development that prepares students for positions as supervisors, project leaders, change agents, and trainers in a variety of organizational settings.

Application Criteria

To apply for admission to the Organizational Development program (OPD), a student must:

1. Have earned a minimum of 30 credit hours from an accredited institution;
2. Have earned a cumulative GPA of at least 2.50 or higher;

Students that do not meet these admission requirements, but meet EIU's general transfer admission requirements will have their application reviewed by the OPD coordinator. Following this review, students may be required to participate in a pre-entry interview or submit a new application for consideration at a later time.

General Education Requirements

Foundational Courses (Writing-6, Speaking-3, Math-3)	12 hours
Quantitative Reasoning in Natural Sciences	7 hours
Citizenship in Social and Behavioral Sciences	9 hours
Communication in Humanities and Fine Arts	9 hours
Senior Seminar or Study Abroad Capstone	3 hours
Total	40 hours

Major

Semester Hours Required for OPD Major: 18 semester hours

Major Requirements

- OPD 4810 - Principles of Career Development. Credits: 3
- OPD 4830 - Organizational Perspectives: Past, Present and Future. Credits: 3
- OPD 4835 - Supervision in Organizations. Credits: 3
- OPD 4840 - Training Program Development. Credits: 3
- OPD 4500 - Organizational Interactions. Credits: 3
- OPD 4825 - Ethical Behavior in Organizations. Credits: 3

Footnotes:

*Of the 120 semester hours required to complete the degree, at least 25 semester hours of courses from EIU must be included.

**OPD majors must maintain a cumulative GPA of 2.5 within the OPD Major. Calculation of the major GPA is based on all courses taken through Eastern Illinois University with the prefix OPD or approved as major courses for the BS in Organizational and Professional Development.

Organizational Leadership Minor

(18 hours)

The minor in Organizational Leadership provides students with opportunities to develop skills in order to be an effective leader within any organization.

Core Courses (18 hours):

- OPD 4700 - Leadership in Organizations. Credits: 3
- OPD 4815 - Conflict in Organizations. Credits: 3
- OPD 4820 - Change Strategies in Organizations. Credits: 3
- OPD 4845 - Improvement in Organizations. Credits: 3
- OPD 4865 - Diversity in Organizations. Credits: 3
- OPD 4880 - Productive Work Teams. Credits: 3

Talent Development Minor

(minimum of 18 hours)

The minor in Talent Development provides students with opportunities to learn skills needed to develop talent within any organization.

Core Courses (18 hours):

- OPD 4800 - Strategies and Processes of Teaching and Training. Credits: 3
- OPD 4855 - Web-Based Training and Instruction. Credits: 3
- OPD 4860 - Facilitating Learning and Project Groups. Credits: 3
- OPD 4870 - Coaching and Mentoring for Critical Thinking in the Workplace. Credits: 3
- OPD 4890 - Accelerated Learning and Training. Credits: 3
- OPD 4820 - Change Strategies in Organizations. Credits: 3

Interdisciplinary Minors

Advertising

The School of Technology participates in the Interdisciplinary Minor in Advertising which provides students with a program of study designed to enhance their understanding regarding the promotion of products and services to various markets. Critical examination of campaigns and strategies, and their application of knowledge, are key components. See the Interdisciplinary Minor in Advertising program for minor requirements.

Print & Textile Design Technologies

The School of Technology participates in the Interdisciplinary Minor in Print and Textile Design Technologies which provides students with a program of study designed to provide a knowledge base in the demanding area of digital printing technology as applied to finished products. Critical examination of design and technical skills needed to compete in multi-faceted printing markets and textile design are key components. See the Interdisciplinary Minor in Print and Textile Design Technologies for minor requirements.

Environmental Sustainability

The School of Technology participates in the Interdisciplinary Minor in Environmental Sustainability which provides students with the skillset needed to be competitive in a job market focused on the applications of environmental sustainability. Students will take courses in alternative energies and sustainability as well as biogeochemical aspects of environmental sustainability. The minor also provides examples of the applications of environmental sustainability to various social systems. See the Interdisciplinary Minor in Environmental Sustainability for minor requirements.

Department of Military Science

Programs and Policies

Mission Statement

The Reserve Officers' Training Corps mission is to train and commission lieutenants for the Army of tomorrow. Army ROTC is a challenging, and exciting program of instruction that focuses on leadership development, not only in theory, but in practice. ROTC students earn practical leadership through actual experience and are campus and community leaders at many different levels. Army ROTC provides students the opportunity to learn about themselves and their potential, and challenges them to achieve ever greater heights of personal and professional leadership.

The Department of Military Science offers an opportunity for students to commission as Second Lieutenants in the United States Army, as well as the Military Science Minor.

Military Science/Reserve Officers' Training Corps

General

Army ROTC has been a fixture on the Eastern Illinois University campus since 1981. Army ROTC is a college program that can pay for school while preparing you to be an officer in either the Active, Reserve, or National Guard component of the U.S. Army upon completion of your college degree. It provides standard college classes that focus on leadership, while also teaching basic military skills. Through Army ROTC, you will attain valuable training in leadership, time management, team building, and the keys for academic and life success. Army ROTC is beneficial to all students regardless of whether they decide to pursue a military or civilian career.

The Army ROTC program includes topics of study such as leadership development, military skills, and adventure training. This will take place both in the classroom and in the field, but you will maintain a normal academic schedule like all college students. Depending on when you enroll in Army ROTC, you will undergo most or all of the following courses.

Army ROTC Basic Course

The Basic Course takes place during your first two years in college as elective courses. It normally involves one elective class and lab each semester along with the requisite physical training and field training exercises, as well as the opportunity to attend a month-long summer camp, typically between your freshman and sophomore years. You will learn basic military skills, the fundamentals of leadership and start the groundwork toward becoming an Army leader. Anyone can take Army ROTC Basic Courses without a military commitment.

Freshman Year: Preparing For Success as an Army Officer

Classes consist of:

- MSC 1001 - Introduction to the Army. Credits: 1
- MSC 1002 - Foundations of Agile and Adaptive Leadership. Credits: 1

Topics covered include:

- Introduction to Army Leadership
- Army Customs and Traditions
- Military Operations and Tactics
- Goal Setting and Accomplishment
- Health and Physical Fitness

Sophomore Year: The Role of an Officer

Classes consist of:

- MSC 2001 - Leadership and Decision Making. Credits: 2
- MSC 2002 - Army Doctrine and Team Development. Credits: 2

Topics covered include:

- Applied Leadership Theory
- Communications
- Principles of War
- Military Operations and Tactics

Army ROTC Advanced Course

The Advanced Course takes place during your last two years in college as elective courses. It normally includes one elective class and lab each semester in addition to the requisite physical training and field training exercises, plus a summer leadership camp. You will learn advanced military tactics and gain experience in team organization, planning and decision-making. To benefit from the leadership training in the Advanced Course, all Cadets must have completed either the Basic Course¹ or have attended the Cadet Initial Entry Training-Lateral Entry summer training. Entering the Advanced Course requires a commitment to serve as an Officer in the U.S. Army, Army Reserve, or National Guard after you graduate.

Junior Year: Leading Small Tactical Units

Classes consist of:

- MSC 3001 - Training Management and the Warfighting Functions. Credits: 3
- MSC 3002 - Applied Leadership in Small Unit Operations. Credits: 4

Topics covered include:

- Command and Staff Functions
- Law of War
- Weapons
- Team Dynamics and Peer Leadership
- Military Operations and Tactics

Senior Year: Transition to Becoming an Officer

Classes consist of:

- MSC 4001 - The Army Officer. Credits: 3
- MSC 4002 - Company Grade Leadership. Credits: 3

Topics covered include:

- Training the Force
- Military Justice
- Ethical Decision Making
- Personnel Management
- Cultural Awareness
- Post and Installation Support
- Military Operations and Tactics

Cadet Initial Entry Training-Lateral Entry(CIET-LE)

The Lateral Entry Training Course is four weeks of intense classroom and field training held in the summer at Fort Knox, KY. This course is an accelerated version of the two years of leadership development training Cadets receive in the Basic Course. By transforming yourself through this rigorous training, you will qualify for enrollment in the Army ROTC Advanced Course on campus, provided you have two years of college remaining (undergraduate or graduate).

- MSC 2003 - Cadet Initial Entry Training-Lateral Entry. Credits: 1 to 6

Cadet Leader Course (CLC)

Every Army ROTC Cadet who enters into the Advanced Course attends the Cadet Leader Course. It's a four-week summer course to evaluate and train all advanced Army ROTC Cadets. This course normally takes place between your junior and senior years of college, and is conducted at Fort Knox, Kentucky.

Additional Opportunities

Simultaneous Membership Program (SMP)

The Simultaneous Membership Program allows you to attend Army ROTC and serve in the U.S. Army Reserve or Army National Guard at the same time. It gives you an opportunity for additional training and experience. Cadets serve as Officer trainees in the Reserve or National Guard while completing college. You can earn Reserve/Guard pay and benefits in addition to your Army ROTC allowances.

Army Federal Scholarships

Army ROTC Cadets can apply for merit-based two-, three- and four-year scholarships, which pay full tuition and fees, include a separate allowance for books, and a monthly stipend of up to \$5,000 a year. Federal scholarships require a commitment to serve as an Officer in the U.S. Army after you graduate. Applicants must meet the following minimum eligibility requirements:

- Be a U.S. citizen
- Be between the ages of 17 and 26
- Have a cumulative GPA of at least 2.50
- Have a high school diploma or equivalent
- Score a minimum of 920 on the SAT (math/verbal) or 19 on the ACT (excluding the required writing test scores)
- Meet Army physical standards
- Agree to accept a commission and serve in the Army on Active Duty or in a Reserve Component (Army Reserve or Army National Guard)

Guaranteed Reserve Force Duty (GRFD) Scholarship

The GRFD scholarship is designed for cadets who are interested in obtaining a commission in the U.S. Army Reserves or National Guard with a guarantee for a reserve component assignment. Scholarships cover full tuition and mandatory fees, and range in length up to 3 years. Scholarship awardees also receive a book allowance and a monthly stipend. These Cadets also receive weekend drill and annual training pay as participants in the Simultaneous Membership Program (SMP). GRFD scholarships require a commitment to serve as an Officer in the U.S. Army Reserve Component after you graduate. Applicants must meet the following minimum eligibility requirements:

- Be a U.S. citizen
- Be between the ages of 17 and 26
- Have a cumulative GPA of at least 2.50
- Have a high school diploma or equivalent
- Score a minimum of 920 on the SAT (math/verbal) or 19 on the ACT (excluding the required writing test scores)
- Meet Army physical standards
- Be willing to participate in the SMP program with a Guard or Reserve unit
- Agree to accept a commission and serve in the Army in the Reserve Component (Army Reserve or Army National Guard)

Illinois State Tuition Waiver (ISTW)

Army ROTC Cadets can apply for merit-based Illinois State Tuition Waivers. The Illinois State Tuition Waivers cover full student tuition and are awarded each academic semester. The tuition waivers require no military commitment. Applicants must meet the following minimum eligibility requirements:

- Be a US Citizen
- Be an Illinois Resident
- Be enrolled as a full-time student
- Be enrolled in at least one Military Science Course and KSS 1000
- Meet basic physical standards for first time applicants; enhanced physical standards for subsequent applicants
- Have a cumulative GPA of at least 2.0 for first time applicants; 3.0 for subsequent applicants

Note:

1. Credit for the Army ROTC Basic Course may be granted for current or prior members of the United States Armed Services upon verification of Basic Combat Training (BCT) or equivalent.
