

Study Abroad for Business Majors

Where will *you* GO?

Why Business Majors Should Study Abroad

At the School of Business, we are proud to offer our students the opportunity to study abroad and to become prepared for the international world of business. When you participate in one of our faculty-led study abroad adventures, you have the chance to learn about business from a global perspective, which is a necessity in today's business world. You will also learn about how companies operate in a global economy. Besides learning about business, you will learn to challenge yourself. By stepping into the unknown and the unfamiliar, you will become prepared to trust yourself and to make the decisions that you will someday be called upon to make. Students who have participated in our study abroad courses and programs describe the excitement of traveling abroad and the confidence and competence the experience has given them. As a professional and as a person, there is no better way to enhance your education than to study abroad. A lifetime of experience awaits you, and our dedicated faculty stand ready to support you as you embark on this truly life-changing endeavor.

- You can use financial aid to study abroad, and to even pay for your airfare!
- There are lots of scholarships for study abroad, from EIU and beyond.
