

# Study Abroad for Music Majors

## Where will *you* GO?

### Why Music Majors Should Study Abroad

The best way to learn about and truly appreciate another culture and its people is to experience them firsthand. Herein lies the true value of Study Abroad: in connecting with others across the globe, we learn about ourselves and can grow immensely as human beings. Music and the arts are the perfect vehicle for such an experience, as they express who we are far beyond spoken language. Just ask someone who has studied abroad about the experience to get an idea of the enormous impact it has had on their life. I therefore urge all musicians to consider studying abroad, as the experience will add a unique and invaluable dimension to their musical and personal lives!

Jerry L. Daniels, Interim Chair, Department of Music

### Can I Afford To Study Abroad?

What you do in college is an investment in your future. Surveys indicate that graduates who have studied abroad secure more job offers, better job offers, and higher starting salaries in their fields. With findings like this, how can you afford NOT to study abroad? Moreover...

- You can use financial aid to study abroad, and to even pay for your airfare!
- There are lots of scholarships for study abroad, from EIU and beyond.
- In some cases, it costs less to go abroad than it would to stay on campus!
