

## What is u.select?

u.select is a free online service designed to help students plan their college educations.

## Why should I use u.select?

So that you can . . .

- Easily access the catalogs of participating schools.
- Search for courses you have taken or may want to take.
- Determine which schools offer the major you're interested in.
- See how your coursework transfers to another school.
- Review and compare degree and major requirements at multiple schools.
- Learn how your completed coursework applies to a prospective major.

## How do I access u.select?

Go to <https://uic.transfer.org/cas/index.jsp>. If you select **Guest Login** from the left-hand **Member Login** area, you can begin using the basic features of u.select. To fully access u.select, you will need to **Create an Account**. It takes only a minute to do so, and access is immediate.
