5. Dean Rohn distributed a handout to help clarify the approval process for curriculum changes requiring both COTE and CGS approval.
6. ISBE Comprehensive Strategic Plan. The ISBE has established three goals as part of their strategic plan. Dean Rohn shared Goal Two with the Council, which aims at improving communication between the ISBE and institutions of higher education.
7. EIU has headed up a cooperative state-wide effort to survey all first-year teachers. The survey data from the first year has been received. Dean Rohn will share this information with the Council in the near future.
