

## Proposal #2

Based on information received from the Office of Planning and Institutional Studies, Eastern Illinois University employs 1703 full-time employees. Of these, 277 are classified as administrative professional, 607 civil service, and 819 faculty.

This option for the composition of CUPB is based on the number of full-time employees within each vice-president and president's area in relationship to the total number of full-time employees. No consideration is given to the employee classification.

Area	# of Employees	Percentage	# of Reps.
President	68	3.99%	1
VPAA	942	55.31%	11
VPBA	357	20.96%	4
VPSA	293	17.20%	3
VPER	43	2.52%	1
Student members			3
<b>Total Membership of Council</b>			<b>23</b>

When a model giving consideration to each classification of employees within an area was attempted, the composition of CUPB would need to represent 11 groups with one group having one-third the total number of all employees.
