Subject: Absence reminder / comment on agenda item

Janet and Darren,

Just to remind that I will not be at this week's CAA meeting due to conference activity.

There is one agenda item for which I would like to offer a comment on -- if you'd pass it on to the group, I'd be appreciative.

Agenda Item 10-31, the Art History Option, an item to be acted upon:

If I read the proposal correctly, the proposed curriculum change in great part involves sacrificing 9 credits of HIS courses in favor of adding 3 hours of Art History electives. As a theatre historian, and as an advisor who encourages theatre history-oriented students to take courses in HIS as part of integrative learning, I must say I have grave reservations about no longer requiring these students to take these HIS courses formerly part of the curriculum (HIS 2560, 3555, and one of 1500G, 1510G, and 1520G) and really would like justification as to why it is deemed no longer necessary for an art history student.

Thanks,

Chris
