REVISED COURSE PROPOSAL CSD 5500
Research Methods

Please check one:  
☐ New course  ☒ Revised course

PART I: CATALOG DESCRIPTION

1. Course prefix and number, such as ART 1000: CSD 5500
2. Title (may not exceed 30 characters, including spaces): Research Methods
3. Long title, if any (may not exceed 100 characters, including spaces): Research Methods
4. Class hours per week, lab hours per week, and credit [e.g., (3-0-3)]: 3-1-4
5. Term(s) to be offered: ☒ Fall  ☐ Spring  ☐ Summer  ☐ On demand
6. Initial term of offering: ☒ Fall  ☐ Spring  ☐ Summer  Year: 2013
7. Course description:
   This course is designed to introduce students to research methodology in the counseling and student affairs professions. The course has two purposes: 1) to develop informed consumers of research and 2) to develop in students an appreciation of research and its application in counseling and student affairs. Lab includes a series of statistical exercises.

8. Registration restrictions:
   a. Equivalent courses
      • Identify any equivalent courses (e.g., cross-listed course, non-honors version of an honors course). None
      • Indicate whether coding should be added to Banner to restrict students from registering for the equivalent course(s) of this course.  ___ Yes  ☒ No

   b. Prerequisite(s):
      • Identify the prerequisite(s), including required test scores, courses, grades in courses, and technical skills. Indicate whether any prerequisite course(s) MAY be taken concurrently with the proposed/revised course. None
      • Indicate whether coding should be added to Banner to prevent students from registering for this course if they haven’t successfully completed the prerequisite course(s).  ___ Yes  ☒ No

If yes, identify the minimum grade requirement and any equivalent courses for each prerequisite course:
c. Who can waive the prerequisite(s)?

   ___ No one   ___ Chair   ___ Instructor   ___ Advisor   ___ Other (Please specify)

d. Co-requisites (course(s) which MUST be taken concurrently with this one): None

e. Repeat status:  ___ Course may not be repeated.

                    ___ Course may be repeated once with credit.

   Please also specify the limit (if any) on hours which may be applied to a major or minor.

f. Degree, college, major(s), level, or class to which registration in the course is restricted, if any:
Courses numbered 5540 and above are open only to students who have been admitted to the Department of Counseling and Student Development or who have permission of the Department Chair.

g. Degree, college, major(s), level, or class to be excluded from the course, if any:
Undergraduates

9. Special course attributes [cultural diversity, general education (indicate component), honors, remedial, writing centered or writing intensive]: None

10. Grading methods (check all that apply): ✕ Standard letter  □ C/NC  □ Audit  □ ABC/NC
(“Standard letter”—i.e., ABCDF—is assumed to be the default grading method unless the course description indicates otherwise.)

Please check any special grading provision that applies to this course:

   ___ The grade for this course will not count in a student’s grade point average.

   ___ The credit for this course will not count in hours towards graduation.

If the student already has credit for or is registered in an equivalent or mutually exclusive course, check any that apply:

   ___ The grade for this course will be removed from the student’s grade point average if he/she already has credit for or is registered in __________ (insert course prefix and number).

      Credit hours for this course will be removed from a student’s hours towards graduation if he/she already has credit for or is registered in __________ (insert course prefix and number).
11. **Instructional delivery method:** (Check all that apply.)

- [ ] lecture
- [ ] lab
- [X] lecture/lab combined
- [ ] independent study/research
- [ ] internship
- [ ] performance
- [ ] practicum or clinical
- [ ] study abroad
- [ ] Internet
- [ ] hybrid
- [ ] other (Please specify)

**PART II: ASSURANCE OF STUDENT LEARNING**

1. List the student learning objectives of this course:

   a. If this is a general education course, indicate which objectives are designed to help students achieve one or more of the following goals of general education and university-wide assessment:
      - EIU graduates will write and speak effectively.
      - EIU graduates will think critically.
      - EIU graduates will function as responsible citizens.

   Through readings, lecture, assignments and active class participation, students will

   a. examine research methods, statistical analysis, needs assessment, and program evaluation.
   b. examine research methods such as qualitative, quantitative, single-case designs, action research, and outcome-based research.
   c. use technology and statistical methods in conducting research and program evaluation.
   d. use principles, models, and applications of needs assessment, program evaluation, and use of findings, to effect program modifications.
   e. discuss the use of research to inform evidenced-based practice.
   f. discuss ethical and culturally relevant strategies for interpreting and reporting the results of research and/or program evaluation studies.

   b. If this is a graduate-level course, indicate which objectives are designed to help students achieve established goals for learning at the graduate level:

<table>
<thead>
<tr>
<th>Learning Goals</th>
<th>Objectives</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Depth of content knowledge</td>
<td>a-f</td>
</tr>
<tr>
<td>• Effective critical thinking and problem solving</td>
<td></td>
</tr>
<tr>
<td>• Effective oral and written communication</td>
<td>a, b, c, e,</td>
</tr>
<tr>
<td>• Advanced scholarship through research or creative activity</td>
<td>a, b, c, d, e,</td>
</tr>
</tbody>
</table>

2. Identify the assignments/activities the instructor will use to determine how well students attained the learning objectives:
a. Students will examine research methods, statistical analysis, needs assessment, and program evaluation.  
Research Proposal Project; Learning Assessment; Lab Activity

b. Students will examine research methods such as qualitative, quantitative, single-case designs, action research, and outcome-based research.  
Research Proposal Project; Team Research Project; Learning Assessment; Lab Activity

c. Students will use technology and statistical methods in conducting research and program evaluation.  
Team Research Project; Learning Assessment; Lab Activity

d. Students will use principles, models, and applications of needs assessment, program evaluation, and use of findings, to effect program modifications.  
Research Proposal Project; Learning Assessment Project; Learning Assessment

e. Students will discuss the use of research to inform evidenced-based practice.  
Research Proposal Project; Team Research Project; Learning Assessment; Lab Activity

f. Students will discuss ethical and culturally relevant strategies for interpreting and reporting the results of research and/or program evaluation studies.  
Research Proposal Project, Team Research Project, Learning Assessment

- **Research Proposal Project:** Students are required to prepare a research proposal on a topic of their choice. Students will write a summary report of their findings. The report must be 6-8 pages in length, typewritten, double-spaced and must follow APA style.

- **Team Research Project:** Each student will be assigned to a Research Team. The team will conduct a study investigating research questions determined by the team. As part of the Team Research Project, each student is required to complete the online Institutional Review Board (IRB) training.

- **Learning Assessment:** A learning assessment will be conducted on the date provided by the instructor. It will cover material found in the online presentations and additional topics provided by the instructor. The assessment will consist of multiple-choice, true-false, and matching items.

- **Lab Activity:** Four statistical exercises will be conducted resulting in a written report.

3. **Explain how the instructor will determine students’ grades for the course:**

   Grades will be based on the following criteria:

<table>
<thead>
<tr>
<th>Activity</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Research Proposal Project</td>
<td>25 %</td>
</tr>
<tr>
<td>Team Research Project</td>
<td>25 %</td>
</tr>
<tr>
<td>Learning Assessment</td>
<td>25 %</td>
</tr>
<tr>
<td>Lab Activity: Four statistical exercises.</td>
<td>25 %</td>
</tr>
<tr>
<td>Total</td>
<td>100%</td>
</tr>
</tbody>
</table>
4. For technology-delivered and other nontraditional-delivered courses/sections, address the following: N/A
   a. Describe how the format/technology will be used to support and assess students’ achievement of the specified learning objectives:
   b. Describe how the integrity of student work will be assured:
   c. Describe provisions for and requirements of instructor-student and student-student interaction, including the kinds of technologies that will be used to support the interaction (e.g., e-mail, web-based discussions, computer conferences, etc.):

5. For courses numbered 4750-4999, specify additional or more stringent requirements for students enrolling for graduate credit. These include: N/A
   a. course objectives;
   b. projects that require application and analysis of the course content; and
   c. separate methods of evaluation for undergraduate and graduate students.

6. If applicable, indicate whether this course is writing-active, writing-intensive, or writing-centered, and describe how the course satisfies the criteria for the type of writing course identified. N/A

PART III: OUTLINE OF THE COURSE

Provide a week-by-week outline of the course’s content. Specify units of time (e.g., for a 3-0-3 course, 45 fifty-minute class periods over 15 weeks) for each major topic in the outline. Provide clear and sufficient details about content and procedures so that possible questions of overlap with other courses can be addressed. For technology-delivered or other nontraditional-delivered courses/sections, explain how the course content “units” are sufficiently equivalent to the traditional on-campus semester hour units of time described above.

Outline of the Course: 15 weeks of 150 minutes in class meetings.

PART IV: PURPOSE AND NEED

1. Explain the department’s rationale for developing and proposing the course.
   This is a required course for the M.S. in Counseling. It is also a competency required for
   continued accreditation by the Council for Accreditation of Counseling and Related Educational
   Programs (CACREP).

   a. If this is a general education course, you also must indicate the segment of the general
      education program into which it will be placed, and describe how the course meets the
      requirements of that segment.  N/A
b. If the course or some sections of the course may be technology delivered, explain why. N/A

2. Justify the level of the course and any course prerequisites, co-requisites, or registration restrictions.
   This is a required course for the M.S. in Counseling. It is also a competency required for continued accreditation by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

3. If the course is similar to an existing course or courses, justify its development and offering.
   a. If the contents substantially duplicate those of an existing course, the new proposal should be discussed with the appropriate chairpersons, deans, or curriculum committees and their responses noted in the proposal. None at the Graduate Level.

   b. Cite course(s) to be deleted if the new course is approved. If no deletions are planned, note the exceptional need to be met or the curricular gap to be filled. Revised course only.

4. Impact on Program(s):
   a. For undergraduate programs, specify whether this course will be required for a major or minor or used as an approved elective.
   b. For graduate programs, specify whether this course will be a core requirement for all candidates in a degree or certificate program or an approved elective.

   Required for graduate students admitted to the M.S. in Counseling and the M.S. in College Student Affairs in the Department of Counseling and Student Development.

   If the proposed course changes a major, minor, or certificate program in or outside of the department, you must submit a separate proposal requesting that change along with the course proposal. Provide a copy of the existing program in the current catalog with the requested changes noted. N/A

PART V: IMPLEMENTATION

1. Faculty member(s) to whom the course may be assigned:

   If this is a graduate course and the department does not currently offer a graduate program, it must document that it employs faculty qualified to teach graduate courses.

   Qualified Graduate Faculty in the Department of Counseling and Student Development.

2. Additional costs to students:
Include those for supplemental packets, hardware/software, or any other additional instructional technical, or technological requirements. (Course fees must be approved by the President’s Council.)

No additional costs to students.

3. Text and supplementary materials to be used (Include publication dates):

**PART VI: COMMUNITY COLLEGE TRANSFER**

If the proposed course is a 1000- or 2000-level course, state either, "A community college course may be judged equivalent to this course" OR "A community college course will not be judged equivalent to this course." A community college course will not be judged equivalent to a 3000- or 4000-level course but may be accepted as a substitute; however, upper-division credit will not be awarded.

**PART VII: APPROVALS**

Date approved by the department or school: 1/18/2012

Date approved by the college curriculum committee: 4/2/2012

Date approved by the Honors Council *(if this is an honors course):*

Date approved by CAA: Not applicable CGS: 8/28/12

*In writing-active courses, frequent, brief writing activities and assignments are required. Such activities -- some of which are to be graded -- might include five-minute in-class writing assignments, journal keeping, lab reports, essay examinations, short papers, longer papers, or a variety of other writing-to-learn activities of the instructor's invention. Writing assignments and activities in writing-active courses are designed primarily to assist students in mastering course content, secondarily to strengthen students' writing skills. In writing-intensive courses, several writing assignments and writing activities are required. These assignments and activities, which are to be spread over the course of the semester, serve the dual purpose of strengthening writing skills and deepening understanding of course content. At least one writing assignment is to be revised by the student after it has been read and commented on by the instructor. In writing-intensive courses, students’ writing should constitute no less than 35% of the final course grade. In writing-centered courses (English 1001G, English 1002G, and their honors equivalents), students learn the principles and the process of writing in all of its stages, from inception to completion. The quality of students' writing is the principal determinant of the course grade. The minimum writing requirement is 20 pages (5,000 words).
