**Subject:** data request

Dear Mr. Michael S. Maurer,

On behalf of the Economics department, I am contacting your university -as well as many others- with a request certain data to use for research pursues only.

The desired data is as follows for school year 2011:

Reported Football Revenue for 2011

Reported Revenue for all Male Sports for 2011

Reported Revenue for all sports other than Football for 2011

Reported Total Revenue -Football plus non-football- for 2011

Winning Percentage of Football in 2011

Number of Played Post Season Football Games in 2011

Number of Home Football Games in 2011

Total Attendance at all Home Football Games in 2011

Note, that, because of the limited amount of data available on the university websites concerning sports our correspondence is necessary. Please revue the requested data and get back with me at your connivance with any inquiries.

I have attached a structured excel file to input the requested for convenience.

Thank you for your time.

Sincerely,

Ms. Heather Nett
