

# Thirty-Two <sup>9/18/42</sup> Leave for Induction Center

Ray Everly Withdraws from Selective Service Board; Several Changes Made in Inductees to Go

Thirty-two men were sent from Jasper county early this morning to the United States Army Induction station at Chicago. Of these, four are volunteers and two are transfers from other boards. Because of the volunteers, changes were made in the list as published ten days ago in the Press.

Those who will go are:

Harold Kemp Lambert, Rose Hill, Delbert Raymond Bogard, Jewett, and Forrest Francis Long and Roscoe Herman Miller, Newton, volunteers.

Lloyd Derrickson, colored, Herndon Joseph Dhom, Thomas Frederick Elder, Harold Woodrow French, John Louis Schackmann, William Henry Schafer, Ralph Lee Shinn, and Elza Maurice Turner, Newton;

Virgil Nicholas Ederer, West Liberty; Earl Martin Moeller, and Daniel Wayne Ward, Wheeler;

Cecil Debow, Rush Ellsworth Hayes, Everett Clinton Hill, and Morris Roberts Smith, Willow Hill; Gilbert Oren Harris and Raymond J. M. Howard, Yale; Warren W. Burnside, Marvin Lavern Swisher and Glenn Medford Wooden, Bogota;

James Gibson, Dieterich; David Oda Reisner, Hidalgo; James Sebastian Hipp, Sainte Marie; and Ora Raymond Addis, Max Kibler Aten, and Doit Burl Thomas, Rose Hill.

Joel Ernst Wakefield of Newton, who registered at Burns, Oregon, and Edgar Edward Andrews of Newton, who registered at Gary, Indiana, are also accompanying this group from here. Drexel Eugene McCormack of Newton has been transferred to Detroit, Michigan, and will accompany a group sent from there.

Two of these men—Rush E. Hayes of Willow Hill and James Sebastian Hipp of Sainte Marie—served in the first World war and are the first such men to be drafted from Jasper county.

## Everly Withdraws

Ray E. Everly has withdrawn as a member of the Jasper County Selective Service Board to succeed Eugene R. Warren, who resigned when he went to Chicago. Mr. Everly said his duties as a director of the First National Bank, adjutant of Jasper post, American Legion, and a sub-recruiting officer for the Navy would prevent him from accepting.

The Board has been reclassifying men previously placed in classes 4-F and 1-B, and expects to obtain quite a number of men from these groups to fill quotas, before it becomes necessary to draft any more married men. Under regulations now in force, the quotas will be equalized to call all unmarried men in the United States before any of the Boards begin to call men with dependents.

The local Board has never missed a call for men and Boards in neighboring counties have missed all or parts of several. This has resulted in their appearing to be sending more (or less) men than Jasper county in proportion to population. With the group which went this morning, all single men in 1-A were exhausted, unless others are transferred from 4-F classifications.
