

**HEARD FROM DR.
DAN HALLEY SMITH**

Feb. 16 43

Ralph L. Smith of Danville, while in Newton, Wednesday, reported that he had received some recent word from his brother, Dr. Dan Halley Smith, formerly of this city, but for the past thirty-five years or more a resident of Paris, France.

The information, which was smuggled out of Paris by friends of his secretary, said that Dr. Smith was well and was working regularly at his dental office. He said that he rode a bicycle to and from work.

In a letter last fall, Dr. Smith said that he had been in a German concentration camp several times, but was always released.
