Mr. and Mrs. Clarence Roberts of Montrose have received letters from their two sons, Private Wayne Roberts and Staff Sergeant Will Roberts, who are in England; Wayne writes:

"I just got back about three hours ago to my camp. Bill and I have been together for two days, I was pretty lucky, I guess, or I should say both of us were, for just as Bill walked into my camp, I was getting my first two day pass. I didn't even know he was coming.

"We called that real luck, and you can bet I was sure glad to see him, and to get some news from home as I have only received one letter from you since I have been over here. Those two days really went fast while Bill was here. Bill and his Buddy were going to stop in London on their way back so I think I'll go in town tomorrow night and spend a few hours with them.

"Bill and I had our pictures taken together, but they won't be finished for two weeks. I'll send you one soon as I get them. We are both feeling fine.

"The weather is sure nice over here. So many pretty flowers are blooming now."

Mr. and Mrs. L. H. Kerner of near Newton have received a combination letter from their sons, Sergeants Andrew and Carl Kerner, that they had met by appointment somewhere in England. This was their second meeting since they have been in service. The other one occurred in California in October, 1942.

Andrew said he liked it fine and was located in a beautiful spot or rather will be in a month or so. He says it's good to see his brother. Carl said it was a grand day, and swell weather for his visit, which they both enjoyed very much, hoping to meet some time again. They are both fine and have safely returned to their stations.
