Francis Huber electrician's mate third class, United States Navy, writes from somewhere in New Guinea under date of August 6:

"I just thought I would drop a few lines to let you know where I am. I'm over here somewhere in New Guinea, and all there is to it is rain, mud and jungles.

"They said something about these south sea islands being so pretty, but for my part I'll take good old Jasper county. Now that I've met somebody from Sainte Marie, though, it isn't so bad. Chester Menacher is his name and he's in the Seabees.

"Jack Benny and Carole Landis with some others will be here tonight so I'll have to see them. I haven't gotten my Press for a long time but newspapers take longer than letters. Wish all my friends would drop me a few lines." Write in care of the Press.
