

# SGT. HUBER MISSING

118145  
A telegram from the War Department received here Tuesday notified Mr. and Mrs. Laurence J. Huber, of Ste. Marie that their son, Staff Sergeant Vincent F. Huber was missing in action in Luxembourg, as of December 20. No further information was contained in the telegram except that the Department would promptly notify the parents should any further word or details become available

Sgt. Huber was reported seriously wounded in action some two or three months ago, but he had made no mention of his injuries in the letters that came to his parents since that time.
