

Two Soldiers Reported Missing; One Now Safe

4/25/45

The three soldiers shown above have all been reported missing in action during the past two weeks. From left to right they are: John Wilson, reported last week as missing on the western front; Urban G. Volk, reported this week as missing in France, and John T. Reich, who was reported missing last week in a telegram from the war department. A few hours after the message was received his family received letters from him stating that he was safe and asking them to disregard any information to the contrary. A telegram from the war department this week said he had returned to duty.
